SQUADRON RECALLED

RUSSIA ENFORCES HER DEMANDS
ON TURKEY AND WITHDRAWS
HER WARSHIPS.

MEASURES TAKEN BY PORTE

PUNISHMENT TO BE METED OUT
TO MURDERERS OF THE RUS-
SIAN CONSUL.

St. Petersburg, Aug. 24.—The Rus-
sian Black Sea squadron, which was
ordered to Turkish waters and which
arrived at Indjida, Eastern European
Turkey, Aug. 19, to support Russia's
demands on the sultan growing out of
the assassination of M. Rostkowski,
Russian consul at Monastir, has been
recalled to Sebastopol, the squad-
ron's point of departure.

The recall followed a notification
from the porte that the sultan had or-
dered all the Russian demands to be
complied with.

The dispatch received from M.
Zinovieff, Russian ambassador at
Constantinople, announcing that the
sultan had yielded completely to Rus-
sia's demands, was as follows:

"The porte has taken the following
measures to fulfill the demands of the
Russian government: In addition to
the condemnation and execution of
M. Rostowski's murderers and the
punishment of their accomplices, those
officers who made disrespectful allu-
sions to M. Rostowski are dismissed
from the service. A careful search is
being made for the persons who fired
at the consul's carriage. All the of-
ficials, twenty-four in number, whose
names were handed to the porte as
objects of unfavorable comment by
the Russian ambassador, are relieved
of their posts and handed over to jus-
tice. All the private persons men-
tioned in the same list as guilty of various
offenses will likewise be tried.

"Ismael Haki Pasha, the chief of po-
lice at Palanka, province of Uskub, is
restored to his post. The persons un-
der arrest for accusing Mussulmans
of outrage and abuse are liberated.

"Hussien Hilmi, inspector general
of Macedonia, is reprimanded. The
chiefs of gendarmerie and police at
Salonica are replaced.

Orders Appointment of Foreigners.
"The porte has ordered the appoint-
ment of the gendarmerie of several
foreign officers whose names will be
announced later, and finally all the
military, civil and judicial authorities
have received the strictest orders to
take measures to secure order and
tranquility."

The news has reached St. Peters-
burg from Brussels that the porte has
requested Belgium to nominate four
officers for the Turkish gendarmerie.
The porte's reply accepting the Rus-
sian demands was delivered twelve
hours after the presentation of the
Russian note—a promptitude most
unusual in the history of Turkish
diplomacy. Tewfik Pasha, the foreign
minister, and Naum Pasha thereon
called on M. Zinovieff, the Russian
ambassador, and requested the with-
drawal of the Russian squadron from
Turkish waters on the ground that its
presence tended to encourage the in-
surrection. On the receipt of a favor-
able reply from St. Petersburg, M.
Zinovieff telegraphed the order of
withdrawal to Admiral Krieger, com-
manding the Russian squadron at
Indjida. A rumor has been current
that the sultan appealed to the Ger-
man emperor to use his good offices
at St. Petersburg in favor of the re-
call of the Russian squadron.

An extraordinary council of min-
isters assembled at the yildiz kiosk
Saturday to consider the situation in
the interior and discuss the military
measures rendered necessary by it.

The sultan had on Friday sought the
advice of the French ambassador.
News from Adrianople represents
the situation in that vilayet as verging
on a panic. The insurgents have de-
stroyed telegraphic communication at
several points between Adrianople and
Kirk-Kilise, thirty-five miles to the
northwest and have burned and pil-
laged several Greek and Mussulman
villages, including Kavakli and Kizilji,
southwest of Kirk-Kilise. Troops have
been dispatched to the environs of
Adrianople.

DEFEATING THE TURKS.

Revolutionists Winning Victories in
Eastern Adrianople.

Sofia, Aug. 24.—From Eastern
Adrianople come reports of more fight-
ing which so far appears to be result-
ing chiefly in favor of the revolution-
ists. Many villages have been burned
and their inhabitants have taken re-
fuge across the Bulgarian frontier.
After a long fight at Stollono the Tur-
kish troops, which lost twenty killed
and wounded.

At Chanagasko, near Surovico, the
insurgents are reported to have anni-
hilated an entire Turkish regiment.

At Bulankera, near Ternovo, sev-
enty-five revolutionists are credited with
defeating a Turkish battalion. The
villages of Andermis and Enrik, near
Vasiliko, have been burned to ashes.

The Turks have bombarded and de-
stroyed the monastery of Constantine,
near Losengrad, where fifty insurgents
had fortified themselves. The villages
of Bakdsk, Konakara, Evren, Diglis-
co and Irtusheva, have all been burned
and their inhabitants have fled. The
large village of Drumbege, near
Losengrad, has been burned by Bash-
bazouks. The villages of Buch, with
100 houses, and Rakoro, 200 houses,
situated in the vilayet of Monastir,
have also been burned by Turkish
troops. Two hundred women and chil-
dren from these villages are now beg-
ging in the streets of Monastir.

The Turkish government has or-
ganized a special court at Monastir to
try the captured insurgents. The tri-
bunal is composed of a Turkish pre-
sident, three other Turks, two
Greeks and one Albanian. It will par-
take of the character of a criminal
court and not of a courtmartial.

EXCURSION BOAT SINKS.

All the Passengers Removed Without
Loss of Life.

McKeesport, Pa., Aug. 24.—The
Annie Roberts, an excursion boat, car-
rying 1,500 passengers, sank here last
night, but no one was drowned. The
boat had been up the river with the
Ancient Order of Hibernians No. 7 and
their guests from Pittsburgh on their
annual outing.

On the return trip, when approach-
ing this place, it was discovered that
the vessel was rapidly filling with wa-
ter, and Captain Klein, without let-
ting his passengers know of the con-
dition, ordered the pilot to head for
the wharf. This was quickly done and
when the boat was within twenty-five
feet of shore she sank in about six
feet of water.

The excursionists were all taken off
without fatalities by means of skiffs
and barges.

When the boat sank the lower deck
was covered with water to a depth of
about six inches. Women and chil-
dren became panic-stricken and there
were many narrow escapes from
drowning during the transfer from
boat to shore.

EXCURSION TRAIN WRECKED.

Two Persons Killed and Thirty-five
Others Injured at Chehalis, Wash.

Chehalis, Wash., Aug. 24.—An ex-
cursion train on the Northern Pacific,
consisting of a locomotive and seven
coaches, bound to an Elk clambake at
Olympia, Saturday was wrecked by the
spreading of the rails.

Charles Farleman of Portland and a
tramp were killed, four persons were
probably fatally injured and about
thirty others were hurt by the derail-
ment and the explosion of the boiler
which followed.

The injured were taken to Portland
on a special train Sunday. A large
delegation from the Portland lodge of
Elks was at the central station with
stretchers and ambulances in which
to bear the injured to their homes or
to the hospitals. Some had broken
arms or legs, others had backs injured
or faces disfigured. All the injured
are resting easily and it is believed
none will die.

TWO TRAINMEN KILLED.

Several Other Persons Injured in
Wreck of a Special Train.

Little Falls, N. Y., Aug. 24.—A spe-
cial train on the New York Central,
carrying New York City newspapers,
was wrecked at Gulf bridge, in this
city, Sunday.

Engineer Robert Lilly and Fireman
Conley, both of Albany, were killed,
and employees of the World, the Sun,
the Rochester News company, and the
American and Journal were severely
injured.

The conductor and several other
members of the train's crew were
slightly injured.

The train, which was running at the
rate of a mile a minute, was composed
of an engine and three express cars.
In rounding the sharp Gulf bridge
curve the engine jumped the track and
landed at the foot of the embankment
into a roadway. The front car, in
which were all of those injured, fol-
lowed the engine down the slope.

Another Convict Captured.

Reno, Nev., Aug. 24.—Convict Jo-
seph Murphy, who escaped from Fol-
son (Cal.) prison, was captured here
last night. Convict Frank Miller was
with Murphy at the time, but jumped
off the sidewalk into the willows.
Several shots were fired at him but
he escaped in the darkness.

STRUCK BY WORK CAR

HOOK AND LADDER TRUCK DE-
MOLISHED AND FOUR FIRE-
MEN ARE INJURED.

ONE OF THE MEN WILL DIE

MOTORMAN HOFFMAN UNDER AR-
REST ON A CHARGE OF CRIMI-
NAL NEGLIGENCE.

St. Paul, Aug. 24.—Hook and Ladder
Truck No. 1 was struck by a street
railway work car Sunday afternoon at
4:15 on the corner of Sixth and
Seventh streets, and as a result of the
collision one man will die and three
were seriously injured; the truck was
smashed and the ladders broken.

The truck was running from the
barn, corner of Fort and Ninth streets,
to a fire at the corner of Fifth and
Roberts streets, and as it was cross-
ing Seventh street it was struck near
the rear end by the car, which was
running at a rapid rate of speed up
Seventh street in a westerly direction.

The car struck the truck with such
great force that the rear end was
lifted off the wheels, and thrown
against a telegraph pole at the south-
west corner of the square. The hind
wheels and the ladders were smashed
to kindling wood.

Of the seven men who manned the
truck, Patrick Fleming, who acted as
tillerman, was the only one mortally
hurt. Lieutenant Henry Langevin sus-
tained a crushed hip, Oscar J. Peder-
son, truckman, had his right arm
crushed and John Costello, truckman,
had his feet bruised and smashed.
Captain James J. Mulcrone, Driver
Thomas Blake, and Truckman Andrew
Davis escaped without injury.

The accident happened in the sight
of a number of persons, who, seeing
the disaster impending, had endeavor-
ed, with all their power to warn the
motorman of the car, Lewis Hoffman,
of the danger.

Between the Truck and the Car.

Captain Mulcrone, Lieutenant Lan-
gevin and Truckman Costello were
standing on the run board on the side
which was exposed to the shock.
Truckmen Pedereson and Davis were
on the opposite side. When the crash
came, Langevin and Costello were
jammed between the truck and the
side of the car.

Captain Mulcrone, being ahead, was
not touched, and he clung to his hand-
hold. Pedereson's right arm was
crushed between the ladders and the
telegraph pole, while Davis jumped
and landed safely on the sidewalk.
Escape being impossible for Fleming,
he was penned in his seat till by the
force of the collision, he was hurled,
as from a catapult, against the corner
of the building. Driver Blake retain-
ed his seat, and clutched the reins of
the horses, which continued to dash
forward with the remains of the truck
after the rear end had been left in a
heap. The horses were finally brought
to a standstill twenty feet from the
corner.

Lewis Hoffman, the motorman of
the work car, was held by the police
and was sent to the station. An ex-
cited crowd gathered after the ac-
cident and the arrival of three patrol
loads of police alone prevented trou-
ble. The rules of the company re-
quire every car to stop before crossing
the corner where the accident hap-
pened.

Chief of Police O'Connor made an
investigation immediately after the ac-
cident and is holding Hoffman under
arrest charged with criminal negli-
gence.

PASSENGERS IN A PANIC.

Excited Men Try to Throw Women
From a Sinking Steamer.

Indianapolis, Aug. 24.—Amid scenes
of panic in which terror-stricken men
lost their heads and sought to throw
women and children overboard, the
pleasure steamer Indiana went to the
bottom of the Indianapolis Water com-
pany's canal at Fairview park Sunday
evening.

The park officials think nobody was
drowned, but J. N. Oliphant of Indian-
apolis and P. E. Betts of Anderson,
Ind., who were passengers, say that
they saw a woman with a baby sink to
the bottom. They did not see them
come to the surface again and feel
sure the two were drowned.

About fifty people were on board
when the vessel sank, about three-
quarters of a mile above its starting
point in the canal, which is about
eight miles long and runs from In-
dianapolis to Broad Ripple park. The
canal is narrow and from ten to fif-
teen feet deep in the middle. It is
not yet certain what sent the steamer
to the bottom. Defective machinery,
overloading on one side, and leaks are
blamed.

Skiffs on the canal aided the work
of rescue of fainting women and chil-
dren. Mr. Betts, who says he saw the
woman and baby drown, saved his
wife as she sank the third time. She
weighs over 200 pounds.

Thirty persons were thrown into
the water when the boat sank. Sev-
eral of the male passengers did heroic
work in getting them to shore. They
were aided by the ship's crew. Much
additional excitement was caused by
several men on the boat who became
panic-stricken and tried to throw wo-
men and children into the water.

Search is being made to see if any
bodies are at the bottom of the canal.

All the Passengers Removed Without Loss of Life.

McKeesport, Pa., Aug. 24.—The Annie Roberts, an excursion boat, carrying 1,500 passengers, sank here last night, but no one was drowned. The boat had been up the river with the Ancient Order of Hibernians No. 7 and their guests from Pittsburg on their annual outing.

On the return trip, when approaching this place, it was discovered that the vessel was rapidly filling with water, and Captain Klein, without letting his passengers know of the condition, ordered the pilot to head for the wharf. This was quickly done and when the boat was within twenty-five feet of shore she sank in about six feet of water.

The excursionists were all taken off without fatalities by means of skiffs and barges.

When the boat sank the lower deck was covered with water to a depth of about six inches. Women and children became panic-stricken and there were many narrow escapes from drowning during the transfer from boat to shore.

EXCURSION TRAIN WRECKED.

Two Persons Killed and Thirty-five Others Injured at Chehalis, Wash.

Chehalis, Wash., Aug. 24.—An excursion train on the Northern Pacific, consisting of a locomotive and seven coaches, bound to an Elk clambake at Olympia, Saturday was wrecked by the spreading of the rails.

Charles Farleman of Portland and a tramp were killed, four persons were probably fatally injured and about thirty others were hurt by the derailment and the explosion of the boiler which followed.

The injured were taken to Portland on a special train Sunday. A large delegation from the Portland lodge of Elks was at the central station with stretchers and ambulances in which to bear the injured to their homes or to the hospitals. Some had broken arms or legs, others had backs injured or faces disfigured. All the injured are resting easily and it is believed none will die.

TWO TRAINMEN KILLED.

Several Other Persons Injured in Wreck of a Special Train.

Little Falls, N. Y., Aug. 24.—A special train on the New York Central, carrying New York City newspapers, was wrecked at Gulf bridge, in this city, Sunday.

Engineer Robert Lilly and Fireman Conley, both of Albany, were killed, and employees of the World, the Sun, the Rochester News company, and the American and Journal were severely injured.

The conductor and several other members of the train's crew were slightly injured.

The train, which was running at the rate of a mile a minute, was composed of an engine and three express cars. In rounding the sharp Gulf bridge curve the engine jumped the track and landed at the foot of the embankment into a roadway. The front car, in which were all of those injured, followed the engine down the slope.

Another Convict Captured.

Reno, Nev., Aug. 24.—Convict Joseph Murphy, who escaped from Folsom (Cal.) prison, was captured here last night. Convict Frank Miller was with Murphy at the time, but jumped off the sidewalk into the willows. Several shots were fired at him but he escaped in the darkness.

PAIN A STRANGER TO HIM.

Cincinnati Man Whistled While His Toes Were Being Cut Off.

Filled to the brim with true Irish wit and with a heart wholly impervious to care, Thomas Tracy of Cincinnati, O., left the City hospital the other day to go forth and hustle for a livelihood until fate ordains his return to the institution, says the Chicago Inter Ocean.

Many times has Tracy been in the hospital and many times have the doctors marveled at his fortitude. Pain to him seems a stranger and suffering but a nightmare. The last time Tracy came to the hospital a wagon wheel had run over his right foot, mashing his toes to a pulp. Amputation was necessary, and Tracy scoffed at the idea of taking an anesthetic. Instead of groans he gave voice to laughter as the doctors pried their knives to his flesh, whistling a tune as one after another his toes dropped into the basket until the last one was gone.

"There's many a kick left in that old foot yet," he said to the doctors. "May be some day I will come in and have the other foot trimmed up a little so they will look more like mates."

Then Tracy was rolled away to a ward to wait until the next day, when it was decided that he was well enough to go home.

ROOF GARDEN CHURCH.

Doors of a Chicago Edifice to Be Open Night and Day.

The members of the Metropolitan Church of Christ in Chicago will build a magnificent place of worship at Oakley boulevard and Van Buren street, and one of its features will be a roof garden, says the Kansas City Times.

"If the theatrical folk can make a roof garden so popular why cannot the people of the church?" asked the pastor.

And the people answered, "We can."

This Christian roof garden is to be modeled after those where pleasure is the only thought. It is to surmount a magnificent building. The cost of the latter is placed at \$80,000. Gardeners and florists are to be called to do all in their power to enhance the roof's beauty. It is not intended to make the place interesting wholly by the preaching of sermons.

All church entertainments are to be held on the roof garden. There quarters will sing and musicians play throughout the summer months. Another feature of this new church is the fact that its doors are never to be closed.

"What's the use of having a place of worship that is closed six-sevenths of the time?" demanded the Rev. Charles Reign Scoville, the pastor.

"There is no use," answered his congregation. And it was decided never to close the doors.

That means all departments of the church will be wide open. Any one feeling a bit too wide awake to seek sleep can visit the library at any hour of the night and there find literature that will certainly do him no harm. There is but one roof garden church in the world, and the Metropolitan roof garden place of worship will be the first of its kind in Chicago. The auditorium will be 75 by 116 feet. A large gallery will increase its seating capacity. The new church will also have a large gymnasium. It is not the intention to allow only the members of the church to use this. The boys and girls of the neighborhood, whether they are members of any church, will be invited. The musical department will be unusually strong. It is expected the concerts will do much to make the roof garden a popular place in the hot summer months.

KANSAS WHEAT CROP.

This Year's Yield the Largest in the State's History.

The Kansas state board of agriculture recently issued a crop bulletin devoted especially to wheat, says a Topeka dispatch to the New York Tribune. Tabulated returns of assessors for each of the 105 counties in the state show the total winter wheat area this year to be 5,911,081 acres, and reports from thrashers, millers, growers and others indicate that the yield will average slightly more than 17.2 bushels an acre, or a total for the state of 90,270,000 bushels. As the ripening of the grain and harvest were somewhat delayed by the continuous cool, wet weather, thrashing likewise was begun later than usual, but is rapidly progressing now, though none has been done in many neighborhoods as yet, and reports of yields are variable.

This year's total production is greater by 60 per cent, or 35,946,200 bushels, than that of 1902 and surpasses even the 1901 yield of 90,045,514 bushels, making the largest crop in Kansas history. No state has ever even equaled the total Kansas wheat production of 1900, according to the United States department of agriculture, and this year's yield is better than that of 1900 by 18 per cent and 1901 by 17.5 per cent. In these three years Kansas raised winter wheat aggregating a total of 257,000,000 bushels, or an average of 85,970,000 bushels a year.

DOWIE'S BASEBALL RULES.

Would Run the National Game on the Righteousness Plan.

A Chicago dispatch to the New York World says that Dr. Dowie has started out to change the rules of the national game of baseball. These are some of the rules which have been introduced in the Zion City games:

"No bases shall be stolen. Thievery is sinful and must be put down by the faithful.

"The pitcher shall not use deceit on delivering the ball, for deceit is sinful. The curve must be cut out.

"There shall be no umpires, for they are a race of liars, and their sayings breed strife and discontent.

"Brethren who meet upon the field must play the game in brotherly love and not in contention and self glorification, for in that way lies destruction."

The Summer Boarders.

[By the man whose wife keeps 'em.]
I have to hitch the gray mare up an' fetch their trunks an' stuff home from the cars, me driv' there a-harkin' to their guff.
About the "lovely hills so blue" an' "Oh, the sparkling air!"
An' all that city tommyrot that makes me want to swear.

They occupy the porches an' the chairs I like the best.
An' use my shade to loaf in an' the hammock where I rest;
They ask me how the fishin' is an' where the pick'el bite
Until I get so goldarn mad I just could up an' fight!

I've got to mop the kitchen floor an' fill the coal oil lamps
An' fix the swing an' shoe the flies an' go to town for stamps.
I have to wash their dishes, too, a-feelin' like a chump.
An' eat my vittles off a bench beside the back door pump.

A pretty state of things, by jinks, when men ain't got no rights
Around their homes an' has to sleep out in the hayloft nights!
A man's house was his castle once, but 'tisn't so today.
Consarn them boarders, anyway! That's all I've got to say.

AITKIN LOOSES GAME AND MONEY TOO

Brainerd Won the big Game at Aitkin Yesterday Afternoon Hands Down

LOCALS TAKE PURSE OF \$100.

Drive Eastman, Aitkin's Pitcher to the Woods, for Thirteen Timely Hits.

If there is anyone who has any doubt about the strength of the Brainerd base ball team in its present form and he happened to witness the game at Aitkin yesterday, that doubt is certainly dispelled today, for it was without doubt one of the fastest games put up by the locals in a long time and in their present form Aitkin, with her paid pitcher, has no license of winning a game.

The game was for \$100 a side, and the announcement that there would be an excursion train to Aitkin, leaving Brainerd at 1 o'clock, brought out a large number of fans and it is estimated that there were fully two hundred and fifty on the train. There were enough anyway to make Aitkin think they were up against something, and from the minute the crowd struck the town the Brainerd contingent started in on the firing line and kept it up until the close of the game. The clang of the hammer and the din of the noise made by the use of tin horns rent the air and one would have thought that Bedlam had broken loose.

There was some betting too, the Brainerd contingent being slightly on the aggressive and even when Aitkin seemed to have the game well started in its direction they seemed to be looking for a little more.

It must be said that the teams from these two towns, old rival towns, never played a cleaner game. This was due to the fact that Dr. Chance, of Royalton, had been secured to umpire and there was not a "beef" or a kick throughout the entire game. The Aitkin players acted perfect gentlemen throughout and while it was a hard pill to swallow they did it gracefully.

The game started out with Brainerd up and the boys crossed the plate for three runs in this inning. It looked like a sure thing, but in Aitkin's first six scores were made and then it was that Aitkin's money began to loosen. From this inning on Aitkin failed to cross the home plate for but one score, the locals putting up an excellent fielding game throughout the balance of the game and hit like fiends. Eastman, who is supposed to be one of the best amateur pitchers in the state, was touched up for thirteen nice clean hits. Jim Boyle was on the rubber for the locals and Aitkin got in for four hits only throughout the game. He was slightly nervous in the first inning but after that he steadied down and had Aitkin at his mercy. His support, of course, was gilt edge throughout. He struck out six men during the game. The error column was about a standoff for both teams but it was Brainerd's superior work with the stick that did the business. The feature of the game was Pat Boyle's four nice, clean hits. The eighth was the fatal inning for Aitkin. The locals pounded out all kinds of hits in this inning and made seven runs. This cinched the game for Brainerd making the final score 15 to 7.

PECULIAR CAUSE OF DEATH.

Peas Sprouted and Grew in an Iowa Child's Stomach.

Creston, Ia., Aug. 24.—The seven-year-old daughter of John Ponte, a Burlington conductor, was taken sick ten days ago with what physicians pronounced dysentery. In spite of their best efforts the child grew worse until she died Sunday. An autopsy revealed the fact that the child had swallowed peas whole, that they had sprouted and were growing in her stomach.

TWO VICTIMS MAY DIE.

John Brown Stabs Three Men While Intoxicated.

Lancaster, Pa., Aug. 24.—John Brown, a laborer at the quarries near Rheems, this county, is in jail here as the result of a spree Saturday night in which he stabbed three men, two perhaps fatally. Brown was at a hotel at Elizabethtown, when he got into a quarrel with Harvey Foltz of that place and struck him on the head with a club. Foltz was being assisted home by his brother-in-law, William Briggs, when Brown, who had been ejected from the hotel, attacked the two men. He stabbed Foltz near the heart and inflicted several serious stab wounds on Briggs. Then, resenting his ejection from the hotel, Brown returned to that place and mistaking Cyrus Sherbourne of Newville for the proprietor, stabbed him half a dozen times, one wound laying open Sherbourne's abdomen. Foltz and Sherbourne are in a critical condition.

"There's many a kick left in that old foot yet," he said to the doctors. "Maybe some day I will come in and have the other foot trimmed up a little so they will look more like mates."

Then Tracy was rolled away to a ward to wait until the next day, when it was decided that he was well enough to go home.

ROOF GARDEN CHURCH.

Doors of a Chicago Edifice to Be Open Night and Day.

The members of the Metropolitan Church of Christ in Chicago will build a magnificent place of worship at Oakley boulevard and Van Buren street, and one of its features will be a roof garden, says the Kansas City Times. "If the theatrical folk can make a roof garden so popular why cannot the people of the church?" asked the pastor.

And the people answered, "We can." This Christian roof garden is to be modeled after those where pleasure is the only thought. It is to surmount a magnificent building. The cost of the latter is placed at \$80,000. Gardeners and florists are to be called to do all in their power to enhance the roof's beauty. It is not intended to make the place interesting wholly by the preaching of sermons.

All church entertainments are to be held on the roof garden. There quartets will sing and musicians play throughout the summer months. Another feature of this new church is the fact that its doors are never to be closed.

"What's the use of having a place of worship that is closed six-sevenths of the time?" demanded the Rev. Charles Reign Scoville, the pastor.

"There is no use," answered his congregation. And it was decided never to close the doors.

That means all departments of the church will be wide open. Any one feeling a bit too wide awake to seek sleep can visit the library at any hour of the night and there find literature that will certainly do him no harm. There is but one roof garden church in the world, and the Metropolitan roof garden place of worship will be the first of its kind in Chicago. The auditorium will be 75 by 116 feet. A large gallery will increase its seating capacity. The new church will also have a large gymnasium. It is not the intention to allow only the members of the church to use this. The boys and girls of the neighborhood, whether they are members of any church, will be invited. The musical department will be unusually strong. It is expected the concerts will do much to make the roof garden a popular place in the hot summer months.

KANSAS WHEAT CROP.

This Year's Yield the Largest in the State's History.

The Kansas state board of agriculture recently issued a crop bulletin devoted especially to wheat, says a Topeka dispatch to the New York Tribune. Tabulated returns of assessors for each of the 105 counties in the state show the total winter wheat area this year to be 5,911,081 acres, and reports from thrashers, millers, growers and others indicate that the yield will average slightly more than 17.2 bushels an acre, or a total for the state of 90,270,000 bushels. As the ripening of the grain and harvest were somewhat delayed by the continuous cool, wet weather, thrashing likewise was begun later than usual, but is rapidly progressing now, though none has been done in many neighborhoods as yet, and reports of yields are variable.

This year's total production is greater by 66 per cent, or 35,946,200 bushels, than that of 1902 and surpasses even the 1901 yield of 90,045,514 bushels, making the largest crop in Kansas history. No state has ever even equaled the total Kansas wheat production of 1900, according to the United States department of agriculture, and this year's yield is better than that of 1900 by 18 per cent and 1901 by 17.5 per cent. In these three years Kansas raised winter wheat aggregating a total of 257,000,000 bushels, or an average of 85,970,000 bushels a year.

DOWIE'S BASEBALL RULES.

Would Run the National Game on the Righteousness Plan.

A Chicago dispatch to the New York World says that Dr. Dowie has started out to change the rules of the national game of baseball. These are some of the rules which have been introduced in the Zion City games:

"No bases shall be stolen. Thievery is sinful and must be put down by the faithful.

"The pitcher shall not use deceit on delivering the ball, for deceit is sinful. The curve must be cut out.

"There shall be no umpires, for they are a race of liars, and their sayings breed strife and discontent.

"Brethren who meet upon the field must play the game in brotherly love and not in contention and self glorification, for in that way lies destruction."

The Summer Boarders.

[By the man whose wife keeps 'em.] I have to hitch the gray mare up an' fetch their trunks an' stuff Home from the cars, me driv' there a-harkin' to their guff About the "lovely hills so blue" an' "Oh, the sparkling air!" An' all that city tommyrot that makes me want to swear.

They occupy the porches an' the chairs I like the best An' use my shade to loaf in an' the hammock where I rest; They ask me how the fishin' is an' where the pickered bite Until I get so goldarn mad I just could up an' fight!

I've got to mop the kitchen floor an' fill the coal oil lamps An' fix the swing an' shoo the flies an' go to town for stamps I have to wash their dishes, too, a-feelin' like a chump.

An' eat my vittles off a bench beside the back door pump. A pretty state of things, by Jinks, when you an' I get so rich! Around their homes an' has to sleep out in the hayloft nights! A man's house was his castle once, but 'tain't so today. Consarn them boarders, anyway! That's all I've got to say.

AITKIN LOOSESGAME AND MONEY TOO

Brainerd Won the big Game at Aitkin Yesterday Afternoon Hands Down

LOCALS TAKE PURSE OF \$100.

Drive Eastman, Aitkin's Pitcher to the Woods, for Thirteen Timely Hits.

If there is anyone who has any doubt about the strength of the Brainerd base ball team in its present form and he happened to witness the game at Aitkin yesterday, that doubt is certainly dispelled today, for it was without doubt one of the fastest games put up by the locals in a long time and in their present form Aitkin, with her paid pitcher, has no license of winning a game.

The game was for \$100 a side, and the announcement that there would be an excursion train to Aitkin, leaving Brainerd at 1 o'clock, brought out a large number of fans and it is estimated that there were fully two hundred and fifty on the train. There were enough anyway to make Aitkin think they were up against something, and from the minute the crowd struck the town the Brainerd contingent started in on the firing line and kept it up until the close of the game. The clang of the hammer and the din of the noise made by the use of tin horns rent the air and one would have thought that Bedlam had broken loose.

There was some betting too, the Brainerd contingent being slightly on the aggressive and even when Aitkin seemed to have the game well started in its direction they seemed to be looking for a little more.

It must be said that the teams from these twotowns, old rival towns, never played a cleaner game. This was due to the fact that Dr. Chance, of Royalton, had been secured to umpire and there was not a "beef" or a kick throughout the entire game. The Aitkin players acted perfect gentlemen throughout and while it was a hard pill to swallow they did it gracefully.

The game started out with Brainerd up and the boys crossed the plate for three runs in this inning. It looked like a sure thing, but in Aitkin's first six scores were made and then it was that Aitkin's money began to loosen. From this inning on Aitkin failed to cross the home plate for but one score, the locals putting up an excellent fielding game throughout the balance of the game and hit like fiends. Eastman, who is supposed to be one of the best amateur pitchers in the state, was touched up for thirteen nice clean hits. Jim Boyle was on the rubber for the locals and Aitkin got in for four hits only throughout the game. He was slightly nervous in the first inning but after that he steadied down and had Aitkin at his mercy. His support, of course, was gilt edge throughout. He struck out six men during the game. The error column was about a standoff for both teams but it was Brainerd's superior work with the stick that did the business. The feature of the game was Pat Boyle's four nice, clean hits. The eighth was the fatal inning for Aitkin. The locals pounded out all kinds of hits in this inning and made seven runs. This cinched the game for Brainerd making the final score 15 to 7.

The following is the summary of the game:

PECULIAR CAUSE OF DEATH.

Peas Sprouted and Grew in an Iowa Child's Stomach.

Creston, Ia., Aug. 24.—The seven-year-old daughter of John Ponte, a Burlington conductor, was taken sick ten days ago with what physicians pronounced dysentery. In spite of their best efforts the child grew worse until she died Sunday. An autopsy revealed the fact that the child had swallowed peas whole, that they had sprouted and were growing in her stomach.

TWO VICTIMS MAY DIE.

John Brown Stabs Three Men While Intoxicated.

Lancaster, Pa., Aug. 24.—John Brown, a laborer at the quarries near Rheems, this county, is in jail here as the result of a spree Saturday night in which he stabbed three men, two perhaps fatally. Brown was at a hotel at Elizabethtown, when he got into a quarrel with Harvey Foltz of that place and struck him on the head with a club. Foltz was being assisted home by his brother-in-law, William Briggs, when Brown, who had been ejected from the hotel, attacked the two men. He stabbed Foltz near the heart and inflicted several serious stab wounds on Briggs. Then, resenting his ejection from the hotel, Brown returned to that place and mistaking Cyrus Sherbourne of Newville for the proprietor, stabbed him half a dozen times, one wound laying open Sherbourne's abdomen. Foltz and Sherbourne are in a critical condition.

MURDER OF TWO-YEAR OLD BABE IT IS THOUGHT WAS COMMITTED

Mrs. Mary Williams and Two Men are Charg- ed With Murder

MOST HORRIBLE CRIME

Theory Advanced that Child Was Thrown Into the River

The police officials have what they believe to be a mysterious murder teeming with the deepest villainy and atrociousness, and Mrs. Albert Williams, John Burrig and George Dill have been locked up in the city jail charged with being implicated, and were being put through the sweat box this morning by Chief of Police Sargent and County Attorney E. W. Crane.

The police made the arrests after a thorough examination into the disappearance of little two-year and a half old Lilly, daughter of Mrs. Williams, one of the parties arrested. The little child suddenly disappeared Sunday morning about day light and no trace has been found of her since, and she is thought to have been foully dealt with.

It seems that the husband of Mrs. Williams is out in North Dakota working in the harvest fields. While he has been away she has been roving about the streets nights and leading a rather loose and degenerate life. The little two-year old girl was always with her.

On Saturday night it is claimed that John Burrig was with her in the park until about 11:30 or 11:45 o'clock and that during this time, Dill is said to have taken care of the baby. When Burrig got ready to go home, or rather, leave the woman, Dill is said to have asked the woman to go home with him and she did get as far as the cemetery, but thought she had not better go any further; she said she was afraid that Dill's mother might think there was something wrong if she went to the house that night. The couple then walked back up town and across the bridge to find a box car to sleep in. She told Dill that she had slept in these cars quite often and they were all right. When they got to the stock yards they found that there were no cars there. The story goes that they then walked back over the Mississippi river road bridge and down the embankment between the road bridge and the railroad bridge, where they laid down. They stayed here until about 3 o'clock when both Mrs. Williams and Dale claim that the latter left and went home. This is verified by Dill's mother who says he got home about 3 o'clock.

When Dill left Mrs. Williams on the bank of the river both claim that the child was with them. Mrs. Williams then lay down to rest, with the babe on her arm, as she says, and when she awoke at day light the little one had disappeared. She notified Officer De-rocher and since that time a thorough search of the entire city has been made but with no avail.

The theory of foul play developed perhaps from the statements made by Mrs. Williams to Chief Sargent and County Attorney Crane at the city jail. She states that Burrig has defied her to do away with the child. She claimed that he had told her to kill it and throw it into a rubbish pile or drown it; that it was half crazy anyway and was no good.

How much truth there is in the theory that Burrig carried out these plans on Sunday morning remains to be seen. It is simply a claim by the woman, and her statement is not verified by any one.

The theory that the child had probably walked into the river of its own accord is not entertained by the police, for they claim that the bank of the river all along the east end between the two bridges is muddy and had a child walked through it, foot prints would have been left there. There are those who believe that the child might have been picked up by some humane officer but this theory is not given much thought as it is thought that such an officer would at least inform the police, so that all unnecessary expense could be avoided in trying to apprehend the guilty parties.

It is one of the most sensational cases that has been brought to the attention of the police of the city for some time and if the theory that the little child after having been dragged around through the grass all night, tired, hungry and sleepy, was thrown into the river it is one of the most outrageous cases on record and the guilty parties should be made to suffer the consequences.

The little child was a bright little girl, although her mother is not a woman of even ordinary intelligence. Albert Williams is a brother of the Williams who was arrested last winter and taken to Duluth charged with tampering with a postoffice money order.

This afternoon Dill, Burrig and Mrs. Williams appeared in court and the complaint was read to them. They are each charged with murdering the child and will have to stand trial on this complaint.

County Attorney Crane stated that he would not be ready for the hearing today and asked for a continuance until Thursday morning at 10 o'clock. This request was granted.

The trio as they appeared in court are anything but a compliment to the community and the degeneracy that they have practiced should be sufficient cause to run them out of town.

They seemed to take things in a matter of fact sort of way and when they were asked if they demanded a hearing Burrig spoke up and said, "Yes, I want to see what there is in it." They were taken back to jail to await the hearing on Thursday morning.

The river has been dragged but no trace of the body has been found.

WAR OVER MOTHER'S CLOTHES.

Fred Distler, Well Known Brakeman on the N. P., Gets into bad Mixup in St. Paul.

The following regarding Fred Distler, brakeman on Nos. 5 and 6, is taken from the St. Paul Globe:

"In a dispute last evening between two brothers and a sister over the distribution of the clothing and personal effects left by their mother who died a few weeks ago, one of the brothers was stabbed in the back, bitten in the neck and cut on the wrist.

"The fight occurred at 575 Jefferson avenue at 8:30 last evening and Fred W. Distler was the victim. His wounds are not serious, and after having them dressed at the city hospital he was able to return to his home.

George Distler and his wife, who reside on West Central avenue, accompanied by Mary Distler, who came from Red Lodge, Mont., to attend her mother's funeral, called on Fred Distler, at his home, where the mother, Mrs. Anna Distler, resided before her death. When the mother died her clothing and personal effects were left at the home of her son, Fred. Last evening the visitors entered into a discussion in reference to the distribution of the things. A dispute arose, and the assault was the outcome.

"He was found to have an ugly cut in his back above the left hip, the knife having struck one of the ribs, preventing more serious injury. One of the cords of his neck had a narrow escape from the teeth of one of his assailants, and there was a cut on his wrist. The wounded man immediately went to the city hospital, a few blocks distant, where his wounds were attended to."

MUSIC AND DRAMA.

S. MILLER KENT.

S. Miller Kent, whose performance of "The Cowboy and the Lady" crowned him with such success for the past two seasons, will present his new comedy drama entitled "Fighting Bob," by Ed. E. Rose, at the Brainerd theatre next Thursday August 27th. The story of the play carries the spectator from the land of bandits and outlaws of Mexico, and the even freer life of South America, into the canyon broken wilds of Colorado, and is full of stirring incidents from the rise of the curtain to its fall. The Mexican and South American scenes are beautifully realistic, and afford great opportunity for spectacular display, which Manager Roth has thoroughly taken advantage of. There are all the accessories of romance and comedy in the play to make it attractive, incidents of life on a lonely island off the South American coast, and a tragic rivalry between two suitors for the hand of the beautiful Princess Helene, which by the way, culminates in a blood stirring sword duel between them. The great multitude of play goers who have witnessed Mr. Kent's performances in the past will be simply delighted with "Fighting Bob."

"AN AMERICAN HOBO."

"An American Hobo," a melodramatic comedy drama replete with striking sensations and startling situations is underlined at the Brainerd theatre for Friday night. The piece is from the pen of the author of "A Poor Relation" and "Peaceful Valley," two plays that have made Sol Smith Russell famous. In it Mr. Kidder portrays an American "hobo" not as a repulsive, ever-to-be-shunned outcast, but as a man who through misfortune, was compelled to wander upon the face of the earth, but whose heart, well knowing his own distress, still bleeds for others' woes and who offers even his life to help right the wrongs of others even more unfortunate than he.

OPTIMISTIC AS USUAL.

Sir Thomas Lipton Not Disheartened by Thursday's Race.

New York, Aug. 22.—Sir Thomas Lipton, his captains and the crew of his fleet at Sandy Hook, are by no means disheartened. Sir Thomas was as optimistic as usual and cheerfully explained that Thursday's race was not conclusive, as the Captain Wringe of Shamrock III, was as good natured and hopeful as ever. All appeared to believe that there would be a different story to tell if the next race were sailed in a fair racing wind. It was pointed out by an officer of the Erin that Shamrock III, had never been exceedingly fast in drifting. The only race in which Shamrock I, ever beat it was sailed in little better than a calm, and in many cases under similar conditions, Shamrock III, had been unable to drop its pace-maker until the wind increased to five knots or better, after which it showed a remarkable increase in speed. The friends of Shamrock III, are hoping for a wind that will enable the boats to sail the race an hour within the time limit.

Sir Thomas passed Friday in entertaining the Earl and the Countess of Shaftesbury, Colonel and Mrs. Sherman-Crawford and Adjutant General and Mrs. Corbin. By the invitation of General Corbin the whole party visited the Sandy Hook proving grounds and witnessed a test of the big guns.

Late in the day the party boarded the Erin's launch and started for a trip up the Shrewsbury river.

After Shamrock III, and Reliance had their little spin about the bay, Captain Wringe and Captain Bevis of Shamrock I, spent the day amusing themselves. On board the challenge there were few signs of activity.

The wind at Sandy Hook at daylight was from the Southwest, twelve miles an hour. The weather was clear and the sky cloudless. Indications are that the wind will hold through Saturday.

JAPAN WANTS THE CUP.

May Enter Boat in Next International Yacht Race.

New York, Aug. 22.—If Lieutenant Commander Isam Takeshira of the imperial navy can carry out his plans Japan will have a yacht in the next contest for the America's cup. The commander, who came here to see the struggle between Shamrock III, and Reliance, declares he will interest financial men in his country to prepare at once for the building of a racer to enter the next international races.

"We can build just as fine a boat as either America or England," he said, "and you may be sure that at the next international yacht races you will see the flag of Japan flying on the winner."

SUPT. VANDERSLICE GOES TO ROCK ISLAND

After Twenty Years Continual Service with Northern Pacific Leaves for New Fields.

HE HAS RISEN FROM THE RANKS

And will be Given Important Superintendency with Rock Island System.

Superintendent George W. Vanderslice, of the Superior division of the Northern Pacific, has tendered his resignation to take effect about September 1, and has accepted a more lucrative and important one with the Rock Island system, with headquarters at Kansas City, Mo.

Mr. Vanderslice will become division superintendent for the Rock Island and his jurisdiction will extend from Rock Island to Kansas City, Leavenworth, St. Joseph and Atchinson. The successor to Mr. Vanderslice has not been named.

Supt. Vanderslice has been with the Northern Pacific for twenty years and has risen from the ranks to the important position which he has of late held. He came to Brainerd twenty years ago and worked in the general offices here as telegraph operator. From here he was promoted to the position of train dispatcher, and from this he rose very rapidly and was always considered a very capable and thorough railroad man.

From Brainerd Mr. Vanderslice went to Staples, where he was made assistant superintendent of the Minnesota division of the N. P. From there he went to Winnipeg as superintendent of all the N. P. lines in Manitoba which position he held for several years. When the lines of the company in Canada were sold the superintendent's jurisdiction was cut down quite materially and Mr. Vanderslice was moved to Grand Forks having jurisdiction of the lines of road running between Winnipeg Junction and Pembina. His worth as a superintendent was recognized in too great a measure to keep him at Grand Forks, so about a year and a half ago he was transferred to the Superior division, one of the very best and most important on the system.

He has been a factor in making many improvements on the Superior division, particularly at Duluth, where millions of dollars has been expended in putting in new yards, docks, etc. Mr. Vanderslice is recognized as a very able railroad man and the Rock Island system will certainly profit by his wide experience. His many friends in Brainerd will wish him well in his new field.

About T. Lipton.

About T. Lipton (may his tribe increase) Awoke one night from a deep dream of peace.

And saw an angel with a fountain pen Scribbling upon a sheet of foolscap. Then, Regaining his composure, Tom sat up And asked the angel one to have a cup Of his best tea. The angel shook his head.

"I'm on the water wagon now," he said. About T. Lipton waved his hand. "I see; But, by the way, what writest thou?" said he.

The heavenly vision answered, "Well, I write Here on this little sheet, in black and white, The man whose boat will get the needed place.

The winner in the coming yachting race." The brilliant Lipton brightened up. "Pray tell."

He queried, "Does the name begin with L?"

"I'm sorry," said his guest. "It is a shame.

But as things stand, I cannot write your name."

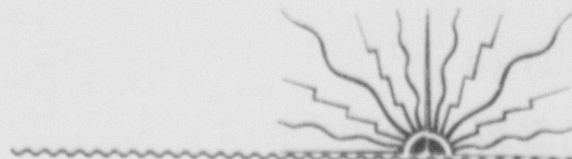

T. Lipton made reply, "Would I were it. But put me down as one, who never quits!"

The angel wrote and vanished. The next night

He called on Tom again, but not to write. Said he, "I have on this large, handsome chart

(A fine example of the engraver's art) The names of some true sportsmen—just the best."

And, lo, T. Lipton's name led all the rest! —William F. Kirk in Milwaukee Centinel.

MURDER OF TWO-YEAR OLD BABE IT IS THOUGHT WAS COMMITTED

Mrs. Mary Williams and Two Men are Charg- ed With Murder

MOST HORRIBLE CRIME

Theory Advanced that Child Was Thrown Into the River

The police officials have what they believe to be a mysterious murder teeming with the deepest villainy and atrociousness, and Mrs. Albert Williams, John Burridge and George Dill have been locked up in the city jail charged with being implicated, and were being put through the sweat box this morning by Chief of Police Sargent and County Attorney E. W. Crane.

The police made the arrests after a thorough examination into the disappearance of little two-year and a half old Lilly, daughter of Mrs. Williams, one of the parties arrested. The little child suddenly disappeared Sunday morning about day light and no trace has been found of her since, and she is thought to have been foully dealt with.

It seems that the husband of Mrs. Williams is out in North Dakota working in the harvest fields. While he has been away she has been roving about the streets nights and leading a rather loose and degenerate life. The little two-year old girl was always with her.

On Saturday night it is claimed that John Burridge was with her in the park until about 11:30 or 11:45 o'clock and that during this time, Dill is said to have taken care of the baby. When Burridge got ready to go home, or rather, leave the woman, Dill is said to have asked the woman to go home with him and she did get as far as the cemetery, but thought she had not better go any further; she said she was afraid that Dill's mother might think there was something wrong if she went to the house that night. The couple then walked back up town and across the bridge to find a box car to sleep in. She told Dill that she had slept in these cars quite often and they were all right. When they got to the stock yards they found that there were no cars there. The story goes that they then walked back over the Mississippi river road bridge and down the embankment between the road bridge and the railroad bridge, where they laid down. They stayed here until about 3 o'clock when both Mrs. Williams and Dale claim that the latter left and went home. This is verified by Dill's mother who says he got home about 3 o'clock.

When Dill left Mrs. Williams on the bank of the river both claim that the child was with them. Mrs. Williams then lay down to rest, with the babe on her arm, as she says, and when she awoke at day light the little one had disappeared. She notified Officer De-rocher and since that time a thorough search of the entire city has been made but with no avail.

The theory of foul play developed perhaps from the statements made by Mrs. Williams to Chief Sargent and County Attorney Crane at the city jail. She states that Burridge has defied her to do away with the child. She claimed that he had told her to kill it and throw it into a rubbish pile or drown it; that it was half crazy anyway and was no good.

How much truth there is in the theory that Burridge carried out these plans on Sunday morning remains to be seen. It is simply a claim by the woman, and her statement is not verified by any one.

The theory that the child had probably walked into the river of its own accord is not entertained by the police, for they claim that the bank of the river all along the east end between the two bridges is muddy and had a child walked through it, foot prints would have been left there. There are those who believe that the child might have been picked up by some humane officer but this theory is not given much thought as it is thought that such an officer would at least inform the police, so that all unnecessary expense could be avoided in trying to apprehend the guilty parties.

It is one of the most sensational cases that has been brought to the attention of the police of the city for some time and if the theory that the little child after having been dragged around through the grass all night, tired, hungry and sleepy, was thrown into the river it is one of the most outrageous cases on record and the guilty parties should be made to suffer the consequences.

The little child was a bright little girl, although her mother is not a woman of even ordinary intelligence. Albert Williams is a brother of the Williams who was arrested last winter and taken to Duluth charged with tampering with a postoffice money order.

This afternoon Dill, Burridge and Mrs. Williams appeared in court and the complaint was read to them. They are each charged with murdering the child and will have to stand trial on this complaint.

County Attorney Crane stated that he would not be ready for the hearing today and asked for a continuance until Thursday morning at 10 o'clock. This request was granted.

The trio as they appeared in court are anything but a compliment to the community and the degeneracy that they have practiced should be sufficient cause to run them out of town.

They seemed to take things in a matter of fact sort of way and when they were asked if they demanded a hearing Burridge spoke up and said, "Yes, I want to see what there is in it." They were taken back to jail to await the hearing on Thursday morning.

The river has been dragged but no trace of the body has been found.

WAR OVER MOTHER'S CLOTHES.

Fred Distler, Well Known Brakeman on the N. P., Gets into bad Mixup in St. Paul.

The following regarding Fred Distler, brakeman on Nos. 5 and 6, is taken from the St. Paul Globe:

"In a dispute last evening between two brothers and a sister over the distribution of the clothing and personal effects left by their mother who died a few weeks ago, one of the brothers was stabbed in the back, bitten in the neck and cut on the wrist.

"The fight occurred at 575 Jefferson avenue at 8:30 last evening and Fred W. Distler was the victim. His wounds are not serious, and after having them dressed at the city hospital he was able to return to his home.

George Distler and his wife, who reside on West Central avenue, accompanied by Mary Distler, who came from Red Lodge, Mont., to attend her mother's funeral, called on Fred Distler, at his home, where the mother, Mrs. Anna Distler, resided before her death. When the mother died her clothing and personal effects were left at the home of her son, Fred. Last evening the visitors entered into a discussion in reference to the distribution of the things. A dispute arose, and the assault was the outcome.

"He was found to have an ugly cut in his back above the left hip, the knife having struck one of the ribs, preventing more serious injury. One of the cords of his neck had a narrow escape from the teeth of one of his assailants, and there was a cut on his wrist. The wounded man immediately went to the city hospital, a few blocks distant, where his wounds were attended to."

MUSIC AND DRAMA.

S. MILLER KENT.

S. Miller Kent, whose performance of "The Cowboy and the Lady" crowned him with such success for the past two seasons, will present his new comedy drama entitled "Fighting Bob," by Ed. E. Rose, at the Brainerd theatre next Thursday August 27th. The story of the play carries the spectator from the land of bandits and outlaws of Mexico, and the even freer life of South America, into the canyon broken wilds of Colorado, and is full of stirring incidents from the rise of the curtain to its fall. The Mexican and South American scenes are beautifully realistic, and afford great opportunity for spectacular display, which Manager Roth has thoroughly taken advantage of. There are all the accessories of romance and comedy in the play to make it attractive, incidents of life on a lonely island off the South American coast, and a tragic rivalry between two suitors for the hand of the beautiful Princess Helene, which by the way, culminates in a blood stirring sword duel between them. The great multitude of play goers who have witnessed Mr. Kent's performances in the past will be simply delighted with "Fighting Bob."

"AN AMERICAN HOBO."

"An American Hobo," a melodramatic comedy drama replete with striking sensations and startling situations is underlined at the Brainerd theatre for Friday night. The piece is from the pen of the author of "A Poor Relation" and "Peaceful Valley," two plays that have made Sol Smith Russell famous. In it Mr. Kidder portrays an American "hobo" not as a repulsive, ever-to-be-shunned outcast, but as a man who through misfortune, was compelled to wander upon the face of the earth, but whose heart, well knowing his own distress, still bleeds for others' woes and who offers even his life to help right the wrongs of others even more unfortunate than he.

OPTIMISTIC AS USUAL.

Sir Thomas Lipton Not Disheartened by Thursday's Race.

New York, Aug. 22.—Sir Thomas Lipton, his captains and the crew of his fleet at Sandy Hook, are by no means disheartened. Sir Thomas was as optimistic as usual and cheerfully explained that Thursday's race was not conclusive, while Captain Wringe of Shamrock III, was as good natured and hopeful as ever. All appeared to believe that there would be a different story to tell if the next race were sailed in a fair racing wind. It was pointed out by an officer of the Erin that Shamrock III had never been exceedingly fast in drifting. The only race in which Shamrock I ever beat it was sailed in little better than a calm, and in many cases under similar conditions, Shamrock III had been unable to drop its pace-maker until the wind increased to five knots or better, after which it showed a remarkable increase in speed. The friends of Shamrock III are hoping for a wind that will enable the boats to sail the race an hour within the time limit.

Sir Thomas passed Friday in entertaining the Earl and the Countess of Shaftesbury, Colonel and Mrs. Sherman-Crawford and Adjutant General and Mrs. Corbin. By the invitation of General Corbin the whole party visited the Sandy Hook proving grounds and witnessed a test of the big guns.

Late in the day the party boarded the Erin's launch and started for a trip up the Shrewsbury river. After Shamrock III, and Reliance had their little spin about the bay, Captain Wringe and Captain Hevils of Shamrock I spent the day amusing themselves. On board the challenge there were few signs of activity. The wind at Sandy Hook at midnight was from the Southwest, twelve miles an hour. The weather was clear and the sky cloudless. Indications are that the wind will hold through Saturday.

JAPAN WANTS THE CUP.

May Enter Boat in Next International Yacht Race.

New York, Aug. 22.—If Lieutenant Commander Isam Takeshira of the imperial navy can carry out his plans Japan will have a yacht in the next contest for the America's cup. The commander, who came here to see the struggle between Shamrock III, and Reliance, declares he will interest financial men in his country to prepare at once for the building of a racer to enter the next international races.

"We can build just as fine a boat as either America or England," he said, "and you may be sure that at the next international yacht races you will see the flag of Japan flying on the winner."

SUPT. VANDERSLICE GOES TO ROCK ISLAND

After Twenty Years Continual
Service with Northern Pacific
Leaves for New Fields.

HE HAS RISEN FROM THE RANKS

And will be Given Important
Superintendency with Rock
Island System.

Superintendent George W. Vanderslice, of the Superior division of the Northern Pacific, has tendered his resignation to take effect about September 1, and has accepted a more lucrative and important one with the Rock Island system, with headquarters at Kansas City, Mo.

Mr. Vanderslice will become division superintendent for the Rock Island and his jurisdiction will extend from Rock Island to Kansas City, Leavenworth, St. Joseph and Atchinson. The successor to Mr. Vanderslice has not been named.

Supt. Vanderslice has been with the Northern Pacific for twenty years and has risen from the ranks to the important position which he has of late held. He came to Brainerd twenty years ago and worked in the general offices here as telegraph operator. From here he was promoted to the position of train dispatcher, and from this he rose very rapidly and was always considered a very capable and thorough railroad man.

From Brainerd Mr. Vanderslice went to Staples, where he was made assistant superintendent of the Minnesota division of the N. P. From there he went to Winnipeg as superintendent of all the N. P. lines in Manitoba which position he held for several years. When the lines of the company in Canada were sold the superintendent's jurisdiction was cut down quite materially and Mr. Vanderslice was moved to Grand Forks having jurisdiction of the lines of road running between Winnipeg Junction and Pembina. His worth as a superintendent was recognized in too great a measure to keep him at Grand Forks, so about a year and a half ago he was transferred to the Superior division, one of the very best and most important on the system.

He has been a factor in making many improvements on the Superior division, particularly at Duluth, where millions of dollars has been expended in putting in new yards, docks, etc. Mr. Vanderslice is recognized as a very able railroad man and the Rock Island system will certainly profit by his wide experience. His many friends in Brainerd will wish him well in his new field.

About T. Lipton.

About T. Lipton (may his tribe increase) Awoke one night from a deep dream of peace And saw an angel with a fountain pen Scribbling upon a sheet of foolscap. Then, Regaining his composure, Tom sat up And asked the angelic one to have a cup Of his best tea. The angel shook his head.

"I'm on the water wagon now," he said. About T. Lipton waved his hand. "I see! But, by the way, what writest thou?" said he. The heavenly vision answered, "Well, I write Here on this little sheet, in black and white, The man whose boat will get the needed place. The winner in the coming yachting race." The gallant Lipton brightened up. "Pray tell."

He queried, "does the name begin with L?" "I'm sorry," said his guest. "It is a shame. But as things stand, I cannot write your name."

T. Lipton made reply, "Would I were it. But put me down as one who never quits!" The angel wrote and vanished. The next night He called on Tom again, but not to write. Said he, "I have on this large, handsome chart (A fine example of the engraver's art) The names of some true sportsmen—just the best."

And, lo, T. Lipton's name led all the rest! —William F. Kirk in Milwaukee Sentinel.

WINS THE FIRST RACE

RELANCE DEFEATS SHAMROCK
III. AFTER A ROYAL BATTLE
FOR SUPREMACY.

PATRIOTS BECAME NERVOUS

THE CHALLENGER'S WONDERFUL
WINDWARD WORK MADE OUT-
LOOK DUBIOUS.

New York, Aug. 24.—In a splendid twelve to fifteen-knot breeze over a windward and leeward course of thirty miles, the gallant sloop Reliance Saturday beat Shamrock III. in commanding style by exactly nine minutes actual time, or seven minutes and three seconds after deducting the one minute and fifty-seven seconds which the defender concedes to Sir Thomas Lipton's third challenger on account of her larger sailing plan as at present measured.

It was a royal water fight for the ancient trophy which carries with it the yachting supremacy of the world, and by a strange coincidence the first victory in the cup series of 1903 occurred on the fifty-second anniversary of the day on which the old schooner America captured it in her famous race around the Isle of Wight. Reliance beat the British boat three minutes and twenty-four seconds in the thrash to windward and five minutes and thirty-six seconds in the run down the wind.

The nautical sharps who had already made up their minds on Thursday that Reliance could take the measure of the challenger in any kind of weather, regard Saturday's test as conclusive, although they hardly anticipated so overwhelming a victory.

Dampened Lipton's Ardor.

The race even dampened the ardor of Sir Thomas, who insisted after Thursday's fluke that his confidence in the beautiful craft designed by Fife was greater than ever. Still, like a true sportsman, he does not acknowledge defeat and hopes for better luck next time.

The single criticism he and his friends make of Saturday's race was that the only shift of the wind which occurred was to the advantage of the defending yacht. As this shift of the wind occurred on the windward beat, even granting that it accounted for Reliance's lead at the turn, the time the defender gained on the run home was more than ample to have given her the race.

It must be conceded, however, that Shamrock showed herself a wonderful boat in the best to windward, perhaps the ablest craft in this respect ever sent across the Atlantic on a cup-hunting expedition. For twelve miles the great single-stickers raced like a team of horses, and during that portion of the duel the patriots made no attempt to conceal their nervousness.

The scene at the finish was soul-stirring. Under her towering cloud of canvas, rolling rhythmically in the sway, Reliance bounded across the viewless finish line. Excursion boats gathered there fairly awakened the echoes with the terrific din which they let loose.

Wanted to Cheer the Vanquished. Such pandemonium can only be heard when an American yacht is victorious in a cup race. Then the immense concourse of vessels waited until Shamrock, majestic even in defeat, swept by between the stakeboats. The reception she received was, if anything, more hearty than that accorded to her successful rival. Such tribute Americans gladly paid to the true British sportsman who is so valiantly trying to win back the trophy which the old schooner America captured from a fleet of English yachts fifty-two years ago Saturday.

There was more than ordinary bustle for a Sunday inside Sandy Hook yesterday. The John Scully, one of the New York Yacht club boats, came down from the city bearing the racing committee at an early hour and the reasons for remeasuring the Shamrock were carefully gone over. Sir Thomas Lipton said that Mr. Fife had been informed they need not carry chain or anchor.

"However," he said, "I have no objection to offer and no fault to find, and, as you see, I have sent the Shamrock up to the dock."

This was true, for an hour before the committee arrived, the tug Cruiser had taken the two Shamrocks in tow and was proceeding to the Erie basin. It is unlikely that the remeasurement will alter the time allowance in any appreciable degree, as Sir Thomas Lipton said that should the additional weight of anchor and chain, which will be aboard when the tape is passed over her, increase her sailing length, the original figure will be restored by the removal of other weights.

KILLS HIS DIVORCED WIFE.

Jealousy Assigned as the Cause of a Tragedy in Honolulu.

Honolulu, Aug. 24.—E. M. Jones shot and killed his divorced wife and probably fatally wounded her mother, Mrs. Parmenter, early Sunday morning. Jealousy is assigned as the cause of the shooting. Jones' wife recently obtained a divorce on the ground of cruelty. Jones is a half-breed, while his wife was a member of a prominent white family. After the shooting Jones disappeared with threats to commit suicide. There is talk of lynching him if he is found alive.

This was taken to mean that a sympathetic strike, tying up all the shipyards in New York and vicinity, may be ordered this week.

LORD SALISBURY IS DEAD.

Last of the Famous Statesmen of the Victorian Era Passes Away.

London, Aug. 24.—Lord Salisbury died peacefully at 9:05 o'clock Saturday night. For forty-eight hours the end was seen to be inevitable, and the great frame of England's former premier was sustained only by the constant use of oxygen. Even the administration of oxygen failed of effect as the evening advanced, and soon after the shadows had crept up from the valley and enshrouded the dull red walls of Hatfield house, the distinguished statesman, making the last effort of his life, turned slightly toward his favorite daughter, Lady Gwendoline Cecil, who was kneeling beside him, and then quietly breathed his last.

Lord Edward Cecil had been warned early in the afternoon by telegraph that the end was near. All the other members of his lordship's family had gathered at the bedside.

The death of Lord Salisbury occurred on the fiftieth anniversary of his entry into a public life as a member of the house of commons for Stamford.

The ex-premier, though retired from political life, was an important figure in many public ways. He was a warden of the clique ports, high steward of Westminster and chancellor of Oxford university. He was looked upon as the last of the great statesmen of the Victorian era, and his quiet triumphs in the interests of peace showed a diplomacy of the highest order.

ANTI-CLERICAL WAR.

The French Premier Says He Will Carry It to the Bitter End.

Paris, Aug. 24.—Important speeches were made Saturday by two members of the government. Premier Combes, speaking at a banquet at Saintes to celebrate the inauguration of a tramway to the little town of St. Porchaire, in the department of Charente Inferieure, which he represents in the senate, affirmed his intention of carrying the anti-clerical war to the bitter end, and denounced the reactionaries who now pretended to wave the banner of liberty. He also spoke of the importance of increasing the means of inter-communication as aiding the spread of Republican principles.

The second speech was made by M. Pelletan, minister of marine, at Cherbourg, where he attended the launch of the armored cruiser Jules Ferry. He declared that the chiefs of the navy must submit to the Republican regime. He did not want the naval officers to be taught by Dominican priests that their swords were at the service of clericalism, against the republic. Both ministers were much applauded.

PERFORMED BY SATOLLI.

Rev. T. A. Hendrick Consecrated Bishop of Cebu, P. I.

Rome, Aug. 24.—The consecration of Rev. Thomas A. Hendrick of Rochester, N. Y., as bishop of Cebu, Philippines, was performed Sunday morning by Cardinal Satolli in the Church of the Franciscan Missionary nuns. The occasion acquired importance because one of Cardinal Satolli's assistants at the function was Archbishop Harty, the metropolitan of the Philippines, which contemporaneously Cardinal Satolli consecrated Mgr. Cavallari as titular bishop of Philadelphia, Asia Minor, whom the pope has appointed provicar of Venice. Plus X. still keeps for himself the patriarchate, thus avoiding a revival of the question whether the Italian government has the right to choose the patriarch of Venice, which it claimed when Sarto was appointed to that post.

THE HUMBERTS GUILTY.

Verdict in Case Against Alleged Swindlers.

Paris, Aug. 24.—All the members of the Humbert family have been found guilty. The foreman of the jury announced that the verdict was affirmative concerning the questions of falsification and swindling and negative upon the subsidiary questions.

The verdict considers extenuating conditions. The court then retired for deliberation.

The court sentenced Madame Humbert and her husband each to five years' imprisonment and to 100 francs fine.

Emile d'Aurignac was sentenced to two years' imprisonment.

Romain d'Aurignac was sentenced to three years' imprisonment. Madame Humbert will undergo solitary confinement during her term of imprisonment.

ZIONIST CONGRESS OPENS.

Colonization Offer of Great Britain Will Be Considered.

Basle, Switzerland, Aug. 24.—The sixth Zionist congress opened here under the presidency of Dr. Theodore Herzl of Vienna. Among the 500 delegates from all parts of the world, including the United States and Canada, were Max Nordau, Sir Francis Montefier and Israel Zangwill, the novelist. Dr. Herzl, in his opening address, referring to the collapse of the project to establish the Jews on the Sinai peninsula, announced that Great Britain had offered the Zionists a large tract of territory in East Africa for colonization by the Jews who would be given an autonomous government under British suzerainty.

The question of acceptance of the offer he said, would be submitted to the congress.

VISITED BY A HURRICANE.

Cayman Islands Devastated by a Storm on Aug. 11.

Kingston, Jamaica, Aug. 24.—A schooner which arrived here Sunday reports that the Cayman Islands were devastated by a hurricane on Aug. 11. Many houses at Georgetown were demolished. The vessels in the harbor were driven out to sea; two subsequently returned, but the others have not been heard of up to Aug. 17, and it is feared that serious loss of life has occurred.

HAWAII TO FLOAT A LOAN.

Honolulu, Aug. 24.—Governor Dole and other territorial officials have decided definitely to float the \$2,500,000 loan authorized by the last legislature. It is thought the local banks will take the entire issue.

TAKES CARBOLIC ACID.

Wife of a Wealthy New York Merchant Commits Suicide.

New York, Aug. 24.—Mrs. Marie Kleeberg, wife of Philip Kleeberg, a wealthy lace merchant, committed suicide last night at her home on Riverside drive, by swallowing carbollic acid. She had entertained a party of relatives and friends at dinner early in the evening, after which she and her husband went for a drive. Within a few minutes after her return she was found dying from the effects of the poison. Her family was unable to offer any explanation of the suicide.

CONTROLS A TOOL COMPANY.

Charles M. Schwab Purchases Stock in a Chicago Concern.

New York, Aug. 24.—Charles M. Schwab, with C. H. Matthieson, is now in control of the Chicago Pneumatic Tool company. Mr. Schwab has obtained control of the company by the purchase of holdings of Max Pam and his friends.

Dr. John Evans Is Dead.

Evansville, Wis., Aug. 24.—Dr. John M. Evans, after whom this city was named and who was well known throughout the state, died Sunday, aged eighty-three years. Dr. Evans was the first mayor of Evansville and served in the legislature at different times and was also prominent in Masonic circles.

Massachusetts to Be Drydocked.

New York, Aug. 24.—The United States battleship Massachusetts, which was considerably damaged on Aug. 12 by striking on a ledge of rock during a fog while off the Maine coast, reached New York harbor last night. She will go in drydock at the Brooklyn navyyard for repairs.

Hold Up a Street Car.

Los Angeles, Cal., Aug. 24.—An electric car was held up here late Saturday night by two masked highwaymen and the motorman and conductor robbed. One of the robbers kept the carmen covered with a revolver while the other searched them, securing \$14 and two watches.

TELEGRAPHIC BREVITIES.

President Roosevelt passed a quiet Sunday with his family at Sagamore Hill.

Menotti Garibaldi, the eldest son of the Italian patriot, died in Rome Saturday.

The roundhouse and machine shops of the Santa Fe railroad in Beaumont, Tex., were destroyed by fire Sunday. Loss, \$100,000.

A vigorous fight will be waged against the proposed increase in assessments upon the older members of the Ancient Order of United Workmen.

Charles Carroll Bonney, who was president of the World's congress of the Chicago exposition, died at Chicago Sunday of paralysis after an illness of three years.

Assistant Hospital Steward Albert E. Le Claire committed suicide at Fort Snelling Sunday by swallowing morphine. Unrequited love is assigned as the cause of the deed.

The contest between Mayor Tom L. Johnson of Cleveland and John L. Zimmerman of Springfield for the Democratic nomination for governor of Ohio, is said to be very close.

Lieutenant Commander Frances O. Davenport, U. S. N., retired, died at his residence at Detroit Sunday from heart failure. Commander Davenport was a classmate of Admiral Schley.

FOREST FIRES IN MONTANA.

Those Raging West of Missoula Greatly on Record.

Missoula, Mont., Aug. 24.—J. S. Robinson, an employe of the Northern Pacific railroad, who has just arrived here, states that there are great forest fires raging in the mountains west of Missoula at the present time than ever witnessed before. He reports the entire country across the Pend Oreille lake from Hope, Ida., to be ablaze, while another disastrous fire is raging to the north of Clarke's Fork, and as he was coming in he could see several fires in the forests of the Flathead Indian reservation.

WINS THE FIRST RACE

RELIANCE DEFEATS SHAMROCK

III. AFTER A ROYAL BATTLE

FOR SUPREMACY.

PATRIOTS BECAME NERVOUS

THE CHALLENGER'S WONDERFUL

WINDWARD WORK MADE OUT.

LOOK DUBIOUS.

New York, Aug. 24.—In a splendid

twelve to fifteen-knot breeze over a

windward and leeward course of thirty

miles, the gallant sloop Reliance Sat-

urday beat Shamrock III. in command-

ing style by exactly nine minutes ac-

tual time, or seven minutes and three

seconds after deducting the one minute

and fifty-seven seconds which the

defender conceded to Sir Thomas Lip-

ton's third challenger on account of

her larger sailing plan as at present

measured.

It was a royal water fight for the an-

cient trophy which carries with it the

yachting supremacy of the world, and

by a strange coincidence the first vic-

tory in the cup series of 1903 occurred

on the fifty-second anniversary of the

day on which the old schooner Ameri-

ca captured it in her famous race

around the Isle of Wight. Reliance

beat the British boat three minutes

and twenty-four seconds in the thresh-

to windward and five minutes and

thirty-six seconds in the run down the

wind.

The nautical sharps who had already

made up their minds on Thursday that

Reliance could take the measure of

the challenger in any kind of weather,

regard Saturday's test as conclusive,

although they hardly anticipated so

overwhelming a victory.

Dampened Lipton's Ardor.

The race even dampened the ardor

of Sir Thomas, who insisted after

Thursday's fiasco that his confidence in

the beautiful craft designed by Fife

was greater than ever. Still, like a

true sportsman, he does not acknowl-

edge defeat and hopes for better luck

next time.

The single criticism he and his

friends make of Saturday's race was

that the only shift of the wind which

occurred was to the advantage of the

defending yacht. As this shift of the

wind occurred on the windward beat,

even granting that it accounted for

Reliance's lead at the turn, the time

the defender gained on the run home

was more than ample to have given her

the race.

It must be conceded, however, that

Shamrock showed herself a wonderful

boat in the best to windward, perhaps

the ablest craft in this respect ever

sent across the Atlantic on a cup-

hunting expedition. For twelve miles

the great single-stickers raced like a

team of horses, and during that por-

tion of the duel the patriots made no

attempt to conceal their nervousness.

The scene at the finish was soul-

stirring.

Under her towering cloud of can-

vas, rolling rhythmically in the sway,

Reliance bounded across the viewless

finish line. Excursion boats gathered

there fairly awakened the echoes with

the terrific din which they let loose.

Wanted to Cheer the Vanquished.

Such pandemonium can only be heard

when an American yacht is victorious

in a cup race. Then the immense

concourse of vessels waited until

Shamrock, majestic even in defeat,

swept by between the stakeboats. The

reception she received was, if any-

thing, more hearty than that accorded

to her successful rival. Such tribute

Americans gladly paid to the true

British sportsman who is so valiantly

trying to win back the trophy which

the old schooner America captured

from a fleet of English yachts fifty-two

years ago Saturday.

There was more than ordinary busi-

ness for a Sunday. Inside Sandy Hook

yesterday. The John Scully, one of

the New York Yacht club boats, came

down from the city bearing the racing

committee at an early hour and the

reasons for remeasuring the Shamrock

were carefully gone over. Sir Thom-

as Lipton said that Mr. Fife had been

informed they need not carry chain

or anchor.

"However," he said, "I have no ob-

jection to offer and no fault to find,

and as you see, I have sent the Sham-

rock up to the dock."

This was true, for an hour before

the committee arrived, the tug Cruiser

had taken the two Shamrocks in tow

and was proceeding to the Erie basin.

It is unlikely that the remeasure-

ment will alter the time allowance in

any appreciable degree, as Sir Thomas

Lipton said that should the additional

weight of anchor and chain, which will

be aboard when the tape is passed over

her, increase her sailing length, the

original figure will be restored by the

removal of other weights.

KILLS HIS DIVORCED WIFE.

Jealousy Assigned as the Cause of a

Tragedy in Honolulu.

Honolulu, Aug. 24.—E. M. Jones shot

and killed his divorced wife and prob-

ably fatally wounded her mother, Mrs.

Parmenter, early Sunday morning.

Jealousy is assigned as the cause of

the shooting. Jones' wife recently ob-

tained a divorce on the ground of

cruelty. Jones is a half-breed, while

his wife was a member of a prominent

white family. After the shooting

Jones disappeared, with threats to

commit suicide. There is talk of

lynching him if he is found alive.

AFTER A STORMY SESSION.

Central Federated Union Votes to

Stand by Marine Machinists.

New York, Aug. 24.—At the close of

a stormy session of the Central Fed-

erated union Sunday, it was voted to

stand by the marine machinists' union

in the strike for an increase in wages

to \$3 per day. This was taken to

mean that a sympathetic strike, tying

up all the shipyards in New York and

vicinity, may be ordered this week.

HAWAII TO FLOAT A LOAN.

Honolulu, Aug. 24.—Governor Dole

and other territorial officials have de-

cided definitely to float the \$2,000,000

loan authorized by the last legislature.

It is thought the local banks will take

the entire issue.

ANTI-CLERICAL WAR.

The French Premier Says He Will

Carry It to the Bitter End.

Paris, Aug. 24.—Important speeches

were made Saturday by two members

of the government. Premier Combes,

speaking at a banquet at Saintes to

celebrate the inauguration of a tram-

way to the little town of St. Porchaire,

in the department of Charente Infer-

ieure, which he represents in the sen-

ate, affirmed his intention of carrying

the anti-clerical war to the bitter end,

and denounced the reactionaries who

now pretended to wave the banner of

liberty. He also spoke of the impor-

tance of increasing the means of in-

ter-communication as aiding the
